- ☒ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview directly resulted in the allowance of the application. The examiner will provide a written summary of the substance of the interview in the Notice of Allowability.  
☐ It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview did not result in resolution of all issues. A brief summary by the examiner appears in Part II above.

I inquired as to meaning of small "g" in claims, since SI meaning is grams which wouldn't make sense. Mr Dottavio indicated they meant force of gravity ~~force of gravity~~ ~~force of gravity~~, which the Examiner will use in interpreting claims for examination. Examiner will object to small "g" as being non-conventional, &/or confusing.
